

SK

Shweta Kohad

Summary

Passionate about web development, possessing a solid foundation in both front-end and back-end development. Eager to leverage acquired skills and knowledge through academic coursework and personal projects, aiming to kickstart a career as a Full Stack Developer. Excited about contributing to dynamic development environments and committed to achieving company goals through strong organizational skills.

Work History

Innovations For Me Solution - Full Stack Web Developer Intern

New Delhi, India

01/2023 - 07/2023

- Completed full redesigns of existing websites to improve navigation, enhance visuals, and strengthen search engine rankings.
- Enhanced user experience by designing and implementing responsive web applications using HTML, CSS, and JavaScript.
- Planned and engineered RESTful web services to manipulate dynamic datasets.
Developed user-friendly web forms with validation and error handling.
- Streamlined development processes by incorporating agile methodologies and version control tools like Git.
- Optimized web applications for speed, scalability, and security.
- Learned and adapted quickly to new technology and software applications

Projects

Innovating Healthcare Access Online

- Developed Doctor Appointment online platform using MERN stack, integrating React Toastify for efficient notifications and a user-friendly interface for easy appointment scheduling.
- Integrated functionality for users to apply to become doctors and automated notifications to the admin for doctor applications.
Additionally, created an admin panel for reviewing and managing doctor applications, utilizing MongoDB for robust and scalable data storage. Developed three distinct panels for users, doctors, and administrators, showcasing proficiency in full-stack development and emphasizing practical healthcare solutions for evolving industry needs.
